

## What Does The Pool Invest In?

- Fixed-income securities with no restrictions on credit quality, duration or geography
- Cash holdings to protect investor capital and to take advantage of investment opportunities

## How Do We Invest?

- We purchase fixed-income securities that provide attractive returns through capital appreciation and interest payments
- We focus on security selection and accept risks when we are appropriately compensated
- We are opportunistic in our process, moving between bonds as their valuations change, buying unpopular bonds cheaply and selling overvalued, highly sought-after bonds into strength

## Why Value Partners?

- We invest alongside clients
- We believe lower fees are important
- We communicate clearly and explain decisions when they are made in plain language
- We invest effectively, think long-term and take good risks

The complete holdings of the VPI Corporate Bond Pool (the Pool) are disclosed in its Statement of Investment Portfolio semi-annually. On a quarterly basis, the Pool discloses its top 25 holdings in its Summary of Investment Portfolio. Both these documents are available on our website at [www.valuepartnersinvestments.ca](http://www.valuepartnersinvestments.ca). Value Partners is a registered fund manager, portfolio manager, and exempt market dealer and has engaged Canso Investment Counsel Ltd., a registered portfolio manager, to make decisions about the investments made by the Pool – these investment decisions are not made by Value Partners.

Commissions, trailing commissions, management fees, and expenses all may be associated with mutual fund investments. Please read the fund facts document and the prospectus before investing. The indicated returns represent historical annual compounded total returns, including changes in share or unit value and reinvestment of all dividends, and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance will not tell you how the Pool will perform in the future.
