

What Does The Pool Invest In?

- Residential first mortgages on property in Canada (via the Institutional Series units of the HSBC Mortgage Fund)
- May also invest in other debt obligations such as government bonds, corporate bonds, mortgage-backed securities, debentures and other fixed income securities

Why Value Partners?

- We invest alongside clients
- We believe lower fees are important
- We communicate clearly and explain decisions when they are made in plain language
- We invest effectively, think long-term and take good risks

Disclaimer: This document has been provided by Value Partners Investments Inc. (Value Partners) for information purposes only. It is not an offer or solicitation with respect to the purchase or sale of any security or investment product. This document does not provide individual, legal, investment or tax advice. Please consult your own legal, investment and/or tax advisor prior to making an investment decision.

The complete holdings of the VPI Mortgage Pool (the Pool) are disclosed in its Statement of Investment Portfolio semi-annually. On a quarterly basis, the Pool discloses its top 25 holdings in its Summary of Investment Portfolio. Both these documents are available on our website at www.valuepartnersinvestments.ca. Value Partners is a registered investment fund manager, portfolio manager, and exempt market dealer and has engaged HSBC., a registered portfolio manager, to make decisions about the investments made by the Pool – these investment decisions are not made by Value Partners.

Commissions, trailing commissions, management fees, and expenses all may be associated with mutual fund investments. Please read the fund facts document and the prospectus before investing. The indicated returns represent historical annual compounded total returns, including changes in share or unit value and reinvestment of all dividends, and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently and past performance will not tell you how the Pool will perform in the future.
