

What Does The Pool Invest In?

- Fixed-income securities with no restrictions on credit quality, duration or geography
- Cash holdings to protect investor capital and to take advantage of investment opportunities

How Do We Invest?

- We purchase fixed-income securities that provide attractive returns through capital appreciation and interest payments
- We focus on security selection and accept risks when we are appropriately compensated
- We are opportunistic in our process, moving between bonds as their valuations change, buying unpopular bonds cheaply and selling overvalued, highly sought-after bonds into strength

Why Value Partners?

- We invest alongside clients
- We believe lower fees are important
- We communicate clearly and explain decisions when they are made in plain language
- We invest effectively, think long-term and take good risks
